

Glossary and Word Search Book Project

The Project

Make a glossary for some of the interesting words in the book. Then create a word search with those words.

The Details

- Choose 10 interesting words from the book. For each word, create a glossary entry. Each entry must include:
 - The word and the page number in the book where you found it.
 - A dictionary definition.
 - An original sentence using the word.
- On another sheet of paper, create a word search that includes all 10 words.
- Include a title page with the title of the book, the author and an illustration.

Tips for Success

- ✓ As you read the book, write down words that you might want to use. Don't forget to also write down the page number where you found each word.
- ✓ Many words have several definitions. You only need to use the one that applies to the way the word was used in your book.
- ✓ Use graph paper to make your word search. Begin by putting in your ten words, longest words first. Then fill the empty boxes with random letters.

Name _____ Due Date _____

Title of Book _____

Glossary Word Search Book Project Rubric

Name _____ Book Title _____

Overall <ul style="list-style-type: none"> Glossary includes 10 words from the book with page numbers, definitions, and original sentences. Word search and title page are included.
