

# Create a Test Book Project

## The Project

Create a test about the book.

## The Details

- Your test should be designed to find out if a person has read and understood the book. Questions should be focused on the important parts of the book, not tiny details.
- Your test should include the following elements
  - Directions for each section.
  - At least 10 True/False questions.
  - At least 10 multiple choice questions.
  - At least 10 short answer questions.
  - An answer key.
  - A cover page with the title, author and an illustration.
- Try to ask questions from the beginning, middle, and end of your book.
- Focus on setting, characters, plot and theme.

## Tips for Success

- ✓ While you are reading the book, write down questions you might want to use and the page numbers where you found them.
- ✓ Make your multiple choice questions tricky by providing wrong answers that seem like they might be right.
- ✓ Don't make your questions too easy, but try not to make them too hard either. Sometimes it helps to ask for someone else's opinion.
